

Ψ_K 2015 CONFERENCE

<http://nano-bio.ehu.es/psik2015/>

SEPTEMBER 6-10, 2015

DONOSTIA / SAN SEBASTIAN.
KURSAAL CONGRESS CENTRE

Ab initio (from the electronic structure) calculations of processes in materials.

5 Plenary Lectures, 32 Topical Symposia with 173 Invited Talks (see website for details)

Abstract Submission Deadline:
May 1, 2015

Early Registration Deadline:
May 1, 2015

Thirty Years of Car-Parinello, GW and BSE, f- electrons, Correlated Electrons, Theoretical Spectroscopy, Recent Advances in Diagrammatic Methods for the Total Energy, Novel Density Functionals, Recent Developments in Density Matrix Functional Theory, Density-Functional Theory for Coupled Matter-Photon Systems, Applications of Quantum Monte Carlo Methods, Upscaling Electronic Structure: Reduced Scaling Methods, Upscaling Electronic Structure: Multi-Scale Methods, First-Principles Calculations for Multiferroics and Magnetoelectrics, Spin-Orbit Coupling Effects in First-Principles Quantum Transport, Magnetization Excitation and Magnetization Dynamics, Chiral Magnetism, Ab Initio Statistical Mechanics, Topological Insulators, Solid/Liquid Interfaces, Materials Design, Machine Learning Methods in Materials Modeling, Hybrid Organometal-Halide-Perovskite Photovoltaics, Nanoplasmonics, Phonon Coupling, Ultrafast Charge Transfer at the Nanoscale, NonLinear Spectroscopy in Bulk materials and Nanostructures, Novel 2D Materials and Heterostructures, Modeling of Defect Levels, Transport Properties, Matter Under Extreme Conditions, Electrochemical Energy Storage and Conversion, Electronic Structure Theory for Biophysics, Volker Heine Young Investigator Award Series

Conference Chair: Angel Rubio
Risto Nieminen (co-chair)
Peter Dederichs (honorary chair)
Volker Heine (honorary chair)

Program Committee Chair: Angel Rubio

Vice-Chair: Risto Nieminen

Plenary Speakers: Giulia Galli,
Georg Kresse, Steve Louie, Ingrid Mertig, and Jörg Neugebauer

contact: psik2015@ehu.es

With more than 1400 expected participants, 2015 will be a key event for senior and junior researchers in the field.
